PLATFORM

OF THE

[Adopted at Cincinnati, June 15, 1876.]
When, in the economy of Providence, this land was to be purged of human slavery, and when the strength of the government of the people by the people and for the people was to be demonstrated, the Republican party came into power. Its deeds have passed into history, and we look back to them with pride. Incited by their memories and high aims for the good of our country and mankind, and looking to the future with courage, hope and [Adopted at Cincinnati, June 15, 1876.] looking to the future with courage, hope and purpose, we, the representatives of the party, the National Convention assembled, make the following declaration of principles:

1. The United States of America is a nation. not a league. By the combined working of the national and State governments, under their respective constitutions, the rights of

every citizen are secured at home and protected 2. The Republican party has preserved these governments to the hundredth anniversary of the nation's birth, and they are now the embodiments of the great truths spoken at its cradle—"that all men are created equal; that they are endowed by their Creator with certain inalienable rights, among which are life, lib-

inalienable rights, among which are life, liberry and the pursuit of happiness; that for the attainment of these ends governments have been instituted among men, deriving their just powers from the consent of the governed." Until these truths are cheerfully obeyed, or, if need be, vigorously enforced, the work of the Republican party is unfinished.

3. The permanent pacification of the Southern section of the Union, and the complete protection of its citizens in the free enjoyment of all their rights are duties to which the Republican party stands sacredly pledged. The publican party stands sacredly pledged. The power to provide for the enforcement of the principles embodied in the recent constitutional amendments is in the Congress of the United States, and we declare it to be the solemn obligation of the Legislative and Executive Departments of the Government to put into immediate and vigorous use all their constitutional powers for removing any just causes of discontent on the part of any class, and for securing to every American citizen complete liberty and exact equality in the exercise of all civil, political and private rights. publican party stands sacredly pledged. The ercise of all civil, political and private rights.
To this end we imperatively demand a Congress and a Chief Executive whose courage and fidelity to these duties shall not faiter until these results are placed beyond dispute

4. In the first act of Congress signed by President Grant, the National Government as-sumed to remove any doubts of its purpose to discharge its just obligation to public creditors, and solemnly pledged its faith to make provi-sion, at the earliest practicable moment, for the redemption of United States notes in cola. Commercial prosperity, public morals and the national credit demand that this promise be fulfilled by a continuous and steady progress to specie payment.

5. Under the Constitution the President and

heads of departments are to make nomina-tions for office, the Senate is to advise and consent to the appointments, and the House of Representatives is to accuse and prosecute faithless officers. The best interests of the public service demand that these distinctions be respected, and that Senators and Represen-tations and properties. tatives, who may be judges and accusers, should not dictate appointments to office. The invariable rule for appointments should have reference to the honesty, fidelity and capacity of the appointees, preferring friends of the party in power for places where harmony and vigor of sdministration require its policy to be represented, but permitting all others to be filled by persons selected with sole reference to the efficiency of the public service and the right of all citizens to share in the honor of rendering faithful service to their country. 6. We rejoice in the quickened conscience of

the people concerning political affairs, and will bold all public officers to a rigid responsibility, and engage that the prosecution and punish-ment of all who betray official trusts shall be ment of all who betray official trusts shall be speedy, thorough and unsparing.

7. The public school system of the several States is the bulwark of the American Repub-lic, and, with a view to its security and perma-mence, we recommend an amendment to the Constitution of the United States forbidding the application of any public funds or prop-erty for the benefit of any schools or institu-tions under sectarian schools.

tions under sectarian schools.

8. The revenue necessary for the current expenditures and the obligation of the public debt must be largely serived from duties on importations, which, so far as possible, should be adjusted to promote the interest of Ameri-can labor and advance the prosperity of the

whole country.

9. We resilirm our opposition to further grants of the public lands to corporations and monopolies, and demand that the national domain be devoted to free homes for the people. 10. It is the imperative duty of the Government to modify existing treaties with European Governments, that the same protection shall be afforded to the adopted American citizen that is given to the native born, and that all necessary laws should be passed to protect immigrants in the absence of power in the States for that purpose.

11. It is the immediate duty of Congress to

investigate the effect of the immigration and importation of Mongolians upon the moral importation of Mongolians upon the moral and material interests of the country. 12. The Republican party recognize with ap-proval the substantial advance recently made toward the establishment of equal rights for women, by the many important amendments effected by Republican Legislatures in the laws which concern the personal and property relatious of wives, mothers and wisiows, and by the arcointment of women to the conby the appointment of women to the superin-tendence of education, charities and other hub-lic trusts. The honest demands of this class of citizens for additional rights and privileges and immunities should be treated with respec

ful consideration 13. The Constitution confers upon Congress overeign power over the Territories of the United States for their government. In the exercise of this power, it is the right and the duty of Congress to prohibit and extirpate in the Territories that relic of barbarism, polygamy, and we demand such legislation as shall

amy, and we demand such legislation as shall secure this end and the supremacy of American institutions in all the Territories.

14. The pledges which the nation has given to our soldiers and saliors must be fulfilled. The grateful people will always hold those who periled their lives for the country's preservation in the kindest remembrance. ervation in the kindest remembrance.

15. We sincerely deprecate all sectional feeling and tendencies. We therefore note with deep solicitude that the Democratic party counts as its chief hope of success on the electoral vote of a united South, secured through the efforts of those who were recently arrayed against the nation; we invoke the earnest attention of the country to the grave

truth that a success thus achieved would re-open sectional strife and imperii the national honor and human rights.

16. We charge the Democratic party as being the same in character and spirit as when it sympathized with treason; with making its control of the House of Reprensentatives the triumph and the opportunity of the nation's recent foes; with reasserting and applauding in the National Capitol the sentiments of unrepented rebellion; with sending Union sol-diers to the rear and promoting Confederate soldiers to the front; with deliberately proposing to repudiate the plighted faith of the Government; with being equally false and imbecile upon the overshadowing financial question; with thwarting the ends of justice by its partisan mismanagement and obstruc-tion of investigation; with proving itself, through the period of its ascendancy in the Lower House of Congress, utterly incompetent to administer the Government. We warm the

to administer the Government. We warm the country sgainst trusting a party thus alike unworthy, recreant and incapable. 17. The National Administration merits commendation for its bonorable work in the management of our domestic and foreign affairs, and President Grant deserves the con-tinued and hearty gratitude of the American people for his patriotism and immense services

Judgment of the Public!

During the past five years the public have carefully observed the wonderful cures accomplished from the use of Vegetine. From its use many an affiliated sufferer has been restored to perfect health, after having expended a small fortune in procuring medical advice and obtaining poisonous mineral medicines. t is now justly remarked by all classes of people mand from actual nectors are Alternative, Tonic, Solvent and Diurette, There is no disease of the human system for which the Vegetine cannot be used with perfect safety, as it does not contain any metallic or poisonous compound. It is composed exclusively of barks, roots and herbs; it is very pleasant to take; every child likes it. It is safe and reliable, as the following evidence will show:

VALUABLE EVIDENCE.

The following unsolicited testimonial from Rev. T. Walker, D. D., formerly pastor of Bowdolo quare Church, Boston, and at present settled in ravidence, R. I., must be deemed as reliable evi-cuce. No one should fall to observe that this testi-Providence, R. I., must be deemed as reliable evidence. No one should fall to observe that this testimonial is the result of two years' experience with the use of Vegetine in the Hev. Mr. Walker's family, who now pronounces it invaluable:

A Walking Miracle.

Mr. H. R. Riegens:

DEAR STR: Though a stranger, I want to inform you what Vegetine has done for me.

Last Christmas Serofula made its appearance in my system—largely running ulcers appearing on might which extended to the seat; one on my heaf, which eat into the skull bone; one on my heaf, which became so bad that two physicians came to amputate the limb, though upon consultation concluded not to do so, as my whole body was so full of Serofula; they deemed it adylable to cut the sore, which was painful beyond description, and there was a quart of matter run from this one sore.

The physicians all gave me up to die, and said they could do no more for me. Both of my legs were drawn up to my seat, and it was thought if I did get up again I would be a cripple for life.

When in this condition I saw Vegetine advertised, and commenced taking it in March, and followed on with it until I had used sixteen bottles, and his morning I am going to plongh corn, a well man. All my walking working.

In conclusion, I will add when I was coduring such speat suffering from that dreadful disease, Scrofula, I prayed the Lord above to take me out of his world, but as Vegetine has restored to me the decasings of health, I desire more than ever to live, that I may be of some service to my fellow-mea, and I know of no better way to add suffering humanity than to inclose you this statement of my case, with an earnest loop that you will publish it, and it will afford me pleasure to reply to any communication which I may receive therefrom.

I am, sir, very respectfully.

Mr. H. R. Ricens:

TO SMOKERS. What you want these times is a good Five Cent. Cigar. LiTTLE RUSE is a new brand of cigars that we have had put up expressly for our retail trade. It is guaranteed tous to be manufactured from selected forciga and domestic leaf. It has no artificial flavor, and we are estimed that the filler contains a preponderance of Cuban tolacco. In introducing this brand our object is to furnish a cigar at 5 cents—five for 55 cents—of delicate flavor, good enough to puff at home. Belleving that no member of the family circle would object to the odor of pure Havana, we commend this cigar in a special manner to gentlemen who wish to enjoy their evening smoke at home, without offense to others. On trial we think you will agree with us, sold only at the LYNCHBURG TOBACCO STORE, No. 119 Seventh street northwest, between L and M. Lynchburg smoking tobacco to clubs at factory prices.
